

Station Visit

Come tour a Windsor Severance Fire Rescue Station and learn what the firefighters do while on duty. This is a great opportunity to ask questions about what it's like to be a firefighter and learn all about the fire engine. We do not host birthday parties. Please be aware that the fire crew will remain in service, so the tour may end quickly if they are dispatched to an emergency. The crew may be late to the event if they are currently on an emergency call.

Who can visit? All ages, however, younger ages must be accompanied by the appropriate number of adults.

Availability: 7 days a week. We may not be able to accommodate all event requests due to firefighter training and other scheduling conflicts.
