

Car Seat Installations

Did You Know?

In the United States, car accidents are the number-one cause of death among children age 4-12 and the number two cause of death among children ages 1 to 4. Car seats reduce the risk of fatal injury by 71% for infants under 1 year old and 54% for toddlers ages 1 to 4. An average of 46% of child safety seats are incorrectly installed or misused.

Fill out and submit the form below to request one of our nationally Certified Technicians to install your car seat. Please allow up to two business days for a reply.

If this is an emergency installation that needs immediate attention, please call the station directly for assistance at 970-686-2626.
